### Further Information

I rode as a kid and always wanted horses of my own but had a 20-year break from horses while traveling. Now having a family my kids are able to enjoy our two horse too.  
A girlfriends horse foundered and we could not find anyone to take the shoes off right away and the horse needed trimming regularly. That was the start for me. I started shoeing my own horses and slowly working on my friends horses. At this point I desired I should get some training and after Covid I went down to Colorado to the ELPO Farrier school. I am now a certificated barefoot trimmer and working towards becoming a hoof practitioner. I heard about Duplo from some of my clients and then met Caro at the Horse Expo.
